Our “Busin-istry” Model is based on Paul’s Tent-Making Model in Scriptures as he made tents for others in order to fund the ministry that God had called him to do. In the same way, our desire is to have Make Believers Enterprises succeed in such a way that it enables us to fund the ministries that God has called us to serve – allowing any funds that come into the ministry to be used specifically for ministry purposes. The years indicate approximate starting dates for launch of each entity.

# The Rolf's Family "Busin-istry" Model
